Valor® 300 Multigrade Dissel Eng

Heavy-Duty Multigrade Diesel Engine Oil

Product Data Sheet

Customer benefits

· Protection for diesel engines

Metallo-organic anti-wear additive system forms a protective layer on contact surfaces to reduce wear. Effective corrosion inhibitors protect against corrosive attack on bearings and other engine components.

· Dependable diesel performance

Effective combination of detergent and dispersant additives helps maintain power and performance by resisting piston and ring deposits under high temperature conditions.

· Reduce maintenance costs

Good oxidation stability resists oil degradation and protects against oil thickening, and oil line and filter plugging.

Applications

The following applications whenever the manufacturer recommends SAE 20W-50 viscosity grade oil meeting API CD:

- Diesel engines (high-speed, four-stroke, turbocharged or naturally aspirated)
- Commercial road transport
- Off-highway vehicles
- Agricultural tractors
- High speed diesel engines in marine service (e.g., fishing boats, river transport)
- Generator sets

Performance standards

• API CD

Product description:

Valor 300 Multigrade SAE 20W-50 is a heavyduty diesel engine oil designed to lubricate diesel engines requiring API CD performance lubricants. The level of alkaline reserve makes it suitable for use with high sulfur fuels at appropriate oil drain intervals.

Key properties

VALOR 300 MULTIGRADE	RESULTS
SAE Grade	20W-50
Product Number	500818
Kinematic Viscosity,	
mm²/s @ 100°C	19.3
mm²/s @ 40°C	173
Viscosity Index	127
Base No., D2896, mg KOH/g	9.4
Zinc, m %	0.04
Calcium, m %	0.34

The information given in the typical data does not constitute a specification but is an indication based on current production and can be affected by allowable production tolerances. The right to make modifications is reserved. This supersedes all previous editions and information contained in them.

Produced by Chevron Lubricants; Africa, Middle East and Pakistan.

<u>Disclaimer</u> Chevron accepts no liability for any loss or damage suffered as a result of using this product for any application other than applications specifically stated in any Product Data Sheet's.

Health, safety, storage and environmental Based on current available information, this product is not expected to produce adverse effects on health when used for the intended application and in accordance with the recommendations provided in the Material Safety Data Sheet (MSDS). MSDS's are available upon request through your local sales office, or via the Internet. This product should not be used for purposes other than its intended use. When disposing of used product, take care to protect the environment and follow local legislation. To obtain a MSDS for this product, visit www.chevronlubricants.com.
